

Title

PINE MARTEN EDUCATION PROGRAM - PHASE I.

Model Forest

Western Newfoundland Model Forest

From

May 1998

To

December 1999

Keywords

Education, Marten

Objective

To make information regarding the endangered Newfoundland Pine Marten available to target audiences, to raise awareness of the personal actions these audiences can take to help in the recovery of the species, and to measure the extent of how supportive the public is for implementation of these recovery efforts.

Description

This report consists of an outline of activities past, present and future, developed by the Pine Marten Education Subcommittee. Some of these activities include a Pine Marten brochure and poster, modified snare pamphlet, public events, exhibitions and school presentations. There is also an assessment of the success of this project and future steps to be taken listed in the report.
