

**Title**

ANNOTATED CHECKLIST OF THE VASCULAR PLANTS OF NEWFOUNDLAND AND LABRADOR.

**Model Forest**

Western Newfoundland Model Forest

**From**

1995

**To**

March 2000

**Keywords**

Flora, Checklist

**Objective**

To provide as complete and accurate account of the vascular flora of Newfoundland and Labrador as possible.

**Description**

Research and compilation of the revised checklist was started in 1995 by the primary author, Susan J. Meades, with the assistance of Dr. Stuart Hay. Later, a provincial list of accepted names, compiled by Dr. Luc Brouillet, was provided for comparison. This checklist is a collaborative effort of the three authors to revise Rouleau's checklist by incorporating changes in the nomenclature, new reports, and appendices for species excluded from the flora.

**Reports and Products**

**Annotated Checklist of the Vascular Plants of Newfoundland and Labrador.** Meades, S.J.; Hay, S.G.; Brouillet, L. 2000. Sault Ste. Marie, Ontario. WNMf: 8-702-001, 237p.
